Fires that happen in the home are a very serious problem today. In America, there are over 100,000 home fires every year and many start in the kitchen. There are a lot of things you can do to protect your house from fire. First of all, you need to follow a few safety rules. You should never leave the kitchen while you are cooking. It's also a bad idea to wear loose clothes when you cook. Always keep the cooking area clean and don't let children come very close to the cooker. It is also important to know what to do if a fire starts. If a pan catches fire, don't throw water on it! Put a blanket over it and turn off the heat. If the fire doesn't go out, call the fire brigade. If a fire starts inside the oven, keep the door shut and turn it off. If you burn yourself, run cold water over the burn. His full name was Leonardo di ser Piero da Vinci, which means Leonardo, son of Piero from Vinci. He was not only one of the greatest painters of all time, but he was also an architect, sculptor, engineer, inventor, mathematician and musician.

Leonardo da Vinci was a very intelligent and imaginative man. He created many different designs. Some of them were for a bicycle, a helicopter, a parachute and even an aeroplane! He also liked to study everything in nature. You can find some of his notebooks in museums today. In them you can see drawings of plants and animals as well as detailed sketches of the human body!

Leonardo da Vinci paid a lot of attention to detail and his paintings are very realistic. The Mona Lisa, for example, is one of his best known works of art. It is a painting of a woman whose face often makes people wonder if she is smiling or not.

Most people today cannot imagine life without the Internet. I believe it is one of the most important innovations. Thanks to the worldwide web, our lives are easier and more exciting today.

First of all, the Internet helps us find information easily. For example, we can read the news and find answers to questions 24 hours a day.

In addition, we can use the Internet for entertainment. We can send emails to friends and shop online. We can even listen to the latest music without leaving our homes.

However, some people would argue that it has a negative effect on society. If we don't have to leave our houses to shop, to learn, or to work, what will happen to life as we know it?

In my opinion, the Internet has more advantages than disadvantages. Our lives are better with it and it is here to stay.

1. Most people nowadays  
A. cannot live without the Internet.  
B. imagine the life without the Internet.  
C. live without the Internet.

- C. easier and more stressful.

3. The Internet is important mostly because

- C. it plays the latest music hits.

4. We can use the Internet for fun, as we can

- A. work on assignments.
- B. send emails to friends.
- C. read the news.

5. The biggest disadvantage of the Internet is

- A. that you don't have to go somewhere to work out.
- B. that you can't live a normal life.
- C. that it can change our habits and routines.

6. The Internet has

Anti-fur protestor Heather Mills McCartney is threatening to stalk actress Jennifer Lopez. The wife of ex-Beatle Sir Paul McCartney has targeted Ms Lopez because of the singer-actor's love of fur. She has angered animal rights activists for many years. They accuse her of making fur fashionable. She has made it an attractive item for the young and wealthy to want to buy.

Ms McCartney's latest stalking attempt ended painfully when she lost her prosthetic leg in a fight with security guards at the New York offices of Ms Lopez's fashion company. Ms McCartney wanted to deliver a DVD to Ms Lopez, which contained a documentary of animals pain. Ms McCartney had to replace her artificial leg in a stairwell, as the guards refused her entry to a restroom. She promised to continue her crusade against Ms Lopez, and to "show up" at her home or "get a hold of her at her premieres".

**1. Вы проводите информационный поиск в ходе выполнения проектной работы. Определите, в каком из текстов А–F содержатся ответы на интересующие Вас вопросы 1–7. Один из вопросов останется без ответа. Занесите Ваши ответы в таблицу.**

1. What cultural and media subjects took the name of Gorky Park?
2. At what time is Gorky Park open to the public?
3. How can you get to Gorky Park by public transport?
4. What kind of films can you see in the open-air cinema in Gorky Park?
5. What entertainment does Gorky Park offer in the cold season?
6. What kinds of animals can you see in Gorky Park?
7. Why is Gorky Park a great place to be active?

**A.** Gorky Park, officially named Gorky Central Park of Culture and Leisure, is a very popular place with the residents and guests of Moscow. It covers about 250 hectares and stretches along the bank of the Moskva River. The huge park is actually very close to the centre of the busy city — it is between Garden Ring and Third Ring Road and you can easily get there by bus or by Metro. The nearest Metro metro station is Park Kultury, and there are a few more stations within walking distance.

**B.** Gorky Park was the first amusement park created in the Soviet Union. It was opened in 1928 and became a model for lots of other parks set up across the country. In 2011, Gorky Park had major reconstruction and the amusement rides were removed. The place turned into an eco-friendly zone which works non-stop and is accessible round-the-clock, day and night, seven days a week. There is no entrance fee.

C. Gorky Park is a large recreational zone in a megapolis which gives its people an opportunity to relax and entertain in the open air. However, not all the seasons in Russia are warm enough for outdoor activities. Does this mean that in winter Gorky Park turns into a deserted place? Of course not! Gorky Park turns into a huge skating rink where people skate along the alleys, beautifully decorated with colourful lights.

D. You may be surprised to find a club for young naturalists in Gorky Park but it is really there and it is called Green School. Parents think it is a very good idea as city children do not have lots of opportunities to watch animals. On the territory of Green School they can see rabbits, parrots, turtles and other animals. Apart from that mini-zoo, children are welcomed to the garden, greenhouse, woodwork shop and library.

E. A quarter of a million people visit Gorky Park at weekends, which is a convincing indication of its popularity. There you can see students getting ready for their tests on the green grass, people practicing yoga and those taking dancing or drawing lessons in the open air. The spacious park provides lanes for jogging, table tennis equipment and football and volleyball pitches. You can also hire a bike or take part in the numerous workshops.

F. Probably, there's no person in Russia who has never heard of Gorky Park. Due to its popularity, it has been the setting for a number of films. The park was described in the novel Gorky Park by Martin Smith, which was later made into a film with the same name. The famous single Wind of Change by the rock band Scorpions refers to Gorky Park in the early 1990s. And, of course, Gorky Park, the Russian hard rock band that named itself after the park, contributed to the atmosphere of the place.

#### Circus story

I was almost late for school. I rushed into my class when the bell was ringing loudly.

To my surprise, Laura was not in the classroom yet. Laura was a newcomer in the class. She joined us at the beginning of that year and nobody knew where she had gone to school before. She was a quiet red-haired girl, very serious and hardworking. Nobody knew her ever to fail to do her homework. Why wasn't she at school now?

Though we were not very close friends, I decided to drop into her house on my way home. It was a small brick house at the corner of the street. Laura's family rented it when they moved to our town. A slim, elderly lady in a jumper and sports trousers opened the door. I explained to her who I was and she smiled warmly. She told me that Laura had got a bad cold but would be happy to see me, and showed me into her room.

Laura's cheeks were a bit red with fever but she was really glad to see me. We talked for a long time and I found out a lot about her and her family.

The lady who let me into the house was Laura's grandmother. Laura told me that when her granny was young, she worked in a circus. In fact, she started working there when she was six. Her mum and dad were acrobats and they took her into their performance. The public liked the cute little girl, and Amy (yes, the elderly lady was just Amy at that time) enjoyed wearing glittering costumes and getting applause. What she didn't like was wearing a wig and a clown costume, but her parents often got her to take part in her twin brothers' clown performance.

'I really can't understand why she hated it so much. She looked so pretty in that outfit, didn't she?' commented Laura and showed me an old photo of a small girl with painted freckles and a red wig that covered half of her face.

'She probably worried that her classmates would make fun of her,' I suggested. 'You know how cruel kids can be sometimes...'

'Yes, I know,' said Laura and her smile faded as if it recalled some bad memories. 'But my granny was a homeschooler. The circus travelled all over the country and even abroad. They never stayed in one place for a long time and she could not attend school. She learned at home. Or, should I say, in a caravan because they all lived and travelled in a caravan.'

'It was exciting, I guess,' I said. 'But not easy.'

‘Oh, yes, it was difficult but her parents, brothers and the other circus people helped her. Granny was good at languages. Her co-workers came from different countries and taught her their languages. Travelling and communicating with people is good language practice, isn’t it?...’
